SINGLE-PLY ACP / DUPONT™ KEVLAR® / PRITEX™ BLENDED SLEEVE WITH ANTIMICROBIAL FIBERS, SMART-FIT® AND ELASTIC THUMB

- Smart-Fit® technology raises the standards for performance knit sleeves offering a unique stretch and recovery to increase overall performance and value compared to traditional rib knits
- Elastic thumb strap provides an improved fit and is less bulky than traditional thumb holes when wearing under hand protection
- Good washability can be washed in soap and water and can be dry cleaned
- Will retain its shape and stretch even after repeated washings
- Silicone and latex free
- Antimicrobial fiber has been shown to inhibit the growth of microorganisms such as bacteria and mold that come in contact with the fiber up to 99.9%

KUT GARD GP2021DACPBPTHPT

SINGLE-PLY ACP / DYNEEMA® BLENDED SLEEVE WITH SMART-FIT® AND THUMB HOLE

- Smart-Fit® technology raises the standards for performance knit sleeves offering a unique stretch and recovery to increase overall performance and value compared to traditional rib knits
- Exceptional comfort and fit, will fit comfortably over clothing or directly on the arm
- Elasticized push-top adds comfort and helps keep the sleeve from sliding down the arm
- Form fit from top to bottom so it stays up on the arm making it far less prone to sliding down the arm eliminating the need for Elastic or Velcro top in most applications
- Integrated thumb hole allows protection all the way to the knuckle without sacrificing dexterity
- Superior washability, can be washed repeatedly in Chlorine Bleach and caustic detergents to remove dirt, odor, grease, oil, and bacteria

KUT GARD GP1021AXTH

SINGLE-PLY POLYKOR® XRYSTAL® / PARA-ARAMID BLENDED SLEEVE WITH SMART-FIT® AND THUMB HOLE

- The PolyKor® Xrystal® blended knit is lightweight and provides excellent cut resistance
- Withstands heat up to 500°F to protect arms from minor heat and burn injuries
- Excellent FR properties will not melt or sustain a flame
- Exceptional comfort and fit, will fit comfortably over clothing or directly on the arm
- Form fit from top to bottom so it stays up on the arm making it far less prone to sliding down the arm eliminating the need for Elastic or Velcro top in most applications
- Integrated thumb hole allows protection all the way to the knuckle without sacrificing dexterity
- Good washability can be washed in soap and water and can be dry cleaned

KUT GARD GPS10ATAFR5BKES618

SINGLE-PLY ATA® / MODACRYLIC BLENDED SLEEVE

- Proprietary ATA® Technology provides ANSI A5 cut protection and ASTM F1358-08 Vertical Flame Test - passes Level 3
- Three widths are available, narrow, standard and wide for a personalized fit; great for workers with thin to bulky arms
- 10 gauge knit is cool wearing and comfortable
- Color-coded overedge indicates width of sleeve, red indicates narrow, yellow indicates standard and green indicates wide, for ease in sorting
- No-Slip elastic at the top of the sleeve helps to keep sleeves in place
- Knit wrist stays in place and is less binding than elastic wrist, offering cut protection from the top to bottom
- ASTM D3884-09 Level 1 abrasion resistance

KUT GARD GP10KAM20

AR/FR SINGLE-PLY ACP / DUPONT™ KEVLAR® BLENDED SLEEVE WITH THUMB HOLE

- Proprietary ACP / Kevlar® blended sleeves have a Heat Attenuation Factor (HAF) of 73%
- Offers twice the cut resistance compared with traditional Para-Aramid sleeves
- Excellent heat and flame resistance to protect the arm from heat and burn injuries
- Protection against dangerous electric ARC flashes
- Excellent cut resistance protects against minor cuts and scrapes
- Abrasion resistant & shrink resistant
- Superior comfort and fit, can be worn over clothing or directly on the arm
- Thumb hole allows protection all the way to the knuckle without sacrificing dexterity
- Kevlar knit wrist offers cut and heat resistance and prevent debris from entering the sleeve
