# ST11X-2PGS-(L-2XL) RADIANS SAFETY T-SHIRT WICKING POLYESTER MESH • CSA Z96 CLASS 2 LEVEL 2

- The Radians ST11X-2 short sleeve T-shirt has a reflective X-Back design. The reflective stripes on the front and the "X" stripes on the back ensure that some sections of the striping will be visible from all angles around the body providing 360° visibility, which alerts vehicle operators of the direction the worker is facing.
- The stripes are adhered by heat transfer rather than sewn on, enhancing comfort and mobility. This T-shirt is made from a Birdseye Mesh material that provides maximum breathability without compromising durability. Its wicking properties improve comfort by making the wearer feel cooler in hot weather. The single-chest front pocket also has reflective tape.
- Rated ANSI/ISEA 107 Type R Class 2 and CSA Z96.

# **FALL PROTECTION**

# ABC'S OF FALL PROTECTION

Anchorage refers to the secure point of attachment for fall protection equipment, such as lifelines, lanyards, or harnesses.

Body support involves the use of appropriate personal protective equipment (PPE), primarily harnesses, to support a worker's body and distribute fall forces over the strongest parts of the body.

Connectors are the components that link the worker's body support (harness) to the anchorage point These connectors can include lanyards, lifelines, snap hooks, carabiners, and other devices.

Descent and resue mechanisms include devices like trauma straps. The are used in a rescue plan to ensure rescue is done in a timely

### **GUARDIAN B7-COMFORT HARNESS**

The Guardian B7-Comfort Harness offers precision ad-The Guardian B7-Comtort Harness ofters precision adjustment and premium comfort. Years of end user insight and feedback gave us great understanding that comfort could be quantified by two main points – adjustability and mobility. The industry needed not only more adjustment, but easier, quicker and more precise as well – as this was key in not only comfort but safety. Users also want a harness that moves with them, and not against them. The B7-Comfort was designed specifically to provide solutions and innovations to these key areas. There are unique and patented features throughout this harness, including industry-exclusive adjustment and rescue methods. With a stunning industrial design to compliment the robust feature set, the B7-Comfort will adjust the way you think about comfort.
Compliant with ANSI Z359.11, OSHA 1910.140, OSHA

1926.502, CSA Z259.10
